Dear _____:

Sorry for this form letter but I have to get the same information to a helluvalotta people. Starting with issues 57 & 58, TAP will be sent along with an extra sheet. This extra sheet will contain ads for phone related goods and services. For some time TAP has resisted becoming too commercial but the financial handwriting is on the wall and it's either run ads or fold! Subscriptions are not coming in as fast as they must if we are to stay in business. New ways to raise revenues have got to be found and taking in ads looks like one of the best ways at this time.

The plan at this time is to have one side of the 8 1/2 x 11 sheet for phone related ads and the other side for non-phone related ads. We will accept all kinds of ads that are standard in most newspapers plus ads that no newspaper in its right mind would even touch! Businesses, companies, corporations, and individuals with TAP related-type goods & services can now advertise their wares in a publication geared to a large counter-culture readership. What all the above bull shit means is that now if you've got "B.xes" for sale and the balls to request an ad, we'll run it! We will also run personal ads. For example: Male phone phreak wishes to meet female phone phreak-object: "Box" entry. I'm sure there are many people who would love to meet someone capable of building the color boxes we print schematics of all the time. And if any one is paranoid about using their name and address in an ad, we will use box numbers at the TAP office and forward all mail to the person who ran the ad. Example: Blue Box for sale, good working condition, \$100, write to Box A c/o TAP.

This extra sheet can also be used to announce late breaking news items which cannot get printed in TAP because of publishing deadlines such as the new phone credit card code in January. I will have access to an offset press which means that I can print this sheet myself the day before I mail out the issues. This means that there will be no more omitting good items because of lack of space in an issue. They can always be included on the extra sheet.

Initially, I'll limit ads to 4 inches by 4 inches. Ads larger than this will be charged extra. All ads should be camera ready if possible. I will type up ads if necessary. I will not charge for typing up ads but if I become swamped with ads to type, I will be forced to charge for typing. The cost per ad per issue is \$2.00. If you use our boxes and mail forwarding service, the cost per ad per issue is \$3.00. These prices are cheap cause I want a lotta folks to use this service regularly.

You're getting this letter first because you've shown extra interest in TAP. Now is the time to make good use of some of the contacts you've made through TAP. Deadline for the first ad sheet is July 1, 1979. Get yer asses in gear!!!

P.S. All ads will be photo-reduced 30 % so please avoid using small type.

Yours in crime,

Tom Edison

The above letter was sent to a select group of TAP readers on May 29, 1979. This group consisted of individuals who had shown considerable interest in TAP over the last few months. Based on previous piss-poor reader results to various pleas for help that TAP has had in the past, I did not feel justified in spending the postage to inform all of our readers of our new Classified Service. I figured, and rightfully so, that it would be better to inform only people that I could depend on initially and then let the general readership learn about it in the next issues. Starting with issues 57 & 58, the TAP Classified Ad sheet will be included with each mailing. PLEASE SUPPORT as many of these ads as you can!!! It is through your patronage that these advertisers will continue to run their ads in TAP. WE NEED THE MONEY!!!!!!!!!!!!!!!!!!!!

My sincere apologies for the long delay in mailing out issues 57 & 58. These two issues were ready on April 19, 1979 but our damn Sol computer cost so much we ran out of money for mailing labels! Starting with issues 59 & 60, TAP will be mailed on Sept 1st, Jan 1st, and May 1st as promised so often but so far not delivered.

PAY ATTENTION!

The TAP staff no longer meets at Al-Ann's Luncheonette as originally stated on page one of issue #57. We now meet at DIONYSIA on the corner of Jones & West 4th Streets in the heart of Greenwich Village, N. Y. every Friday night from 5:00 PM to 7:00 PM. Come on down and join us. Enjoy a great meal and the opportunity to rap with Al Mundy, Cheshire Catalyst, Computer Wizard, yours truly, Tom Edison, and the ever popular "name withheld". Here's a great opportunity to bitch to me personally about how I fucked up your sub! You can also order some back issues, renew your sub, and get some TAP merchandise without having to use that enemy of all of us, the U.S. Postal Monopoly!

"Youth liberation does much work that is laudable — its encouragement of students to get involved in the structure of public education and to understand their individual rights may help develop students who will become knowledgeable and involved in the process of government and the protection of civil rights."

Youth Liberation Press is a volunteer-run, poverty-stricken organization. Our primary goal is to distribute our materials to young people. Therefore we give them a discount on the prices. However, we don't want prices to prevent interested people from receiving our materials. Poor or unemployed adults may use the discount price. Adults who would like to order bulk copies for use with young people should contact us for discount terms.

Bookstore distribution is handled by Carrier Pigeon, 88 Fisher Ave., Boston, MA 02120.
